

## POWDER WIPES

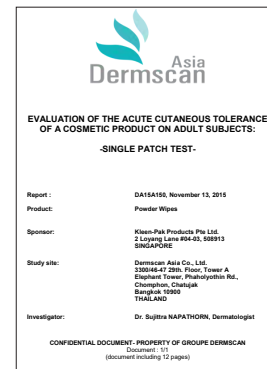

### KEY FEATURES

Effective against odour & perspiration

Leaves a pleasant scent on skin

Non-oily, silky, smooth and powder after-feel

Feel fresh and clean all day

**Powder Wipes** made of thick material contains active ingredients that have unique properties such as excellent heat stability, water-repellency, lubricity and uniform shape and size. Each wipe provides a luxurious feel by providing high spreadability and a high slip. The palm-sized towelette is easy to wipe on your body and the silky powder removes perspiration and dirt, keeping you feel fresh all day. These lightly scented wipes leave a pleasant fragrance on your skin that helps to eliminate perspiration odour. Powder wipes are available in two fragrances, Orange Mint and Sweet Melon.

### KEY INGREDIENT BENEFITS

**Polymethylsilsesquioxane** creates a film on the skin that smooths it, make it feel silky soft to the touch, and repels water. Because of the small (yet non pore clogging) size of its molecules, it spreads very easily on the skin.

**Dimethicone** is an emulsifier and a moisturizer that makes it a highly effective additive to skin and hair care products. The chemical is also used as an emollient to make the surface of the skin more flexible and help the skin retain moisture making skin tissue feel more supple and smoother.

### PRODUCT SPECIFICATION

Nonwoven Substrate	Spunlace Perforated
Basis Weight / Sheet Size	60gsm x 150mm x 140mm
Sheet Count	8 sheets
Wetness	4.5x
pH	5 to 6
Active Ingredients	Polymethylsilsesquioxane, Dimethicone

### PRODUCT EXTRAS

Not tested on animals. Contains no MIT/CIT, parabens.

### COMPLETE INGREDIENTS

Aqua, Ethanol, Polymethylsilsesquioxane, Phenoxyethanol, Fragrance, Glycerin, Dimethicone, Cetylpyridinium Chloride.
